

Instructions for Pre-test, Post-test evaluation

There are two questionnaires that can be downloaded from the Padilla Bay website:

<http://padillabay.gov/educationcurriculum.asp>

Students complete the pre-trip questionnaire *before* they come to Padilla Bay **and before** they do any estuary related activities or curriculum in class. The second, post-trip questionnaire has all the same questions, plus one open-ended question asking them what they think is the most important thing they learned about estuaries. This is to be completed after the Padilla Bay field trip and after any wrap up activities in class. The answer key is also available at the web site.

If you want to share the responses to the open-ended question, send them to:
